EDUCATION

Degree	Institute	Percentage	Year
B.Tech.	Jaipur Engineering College and Research Center	87.20	2025
Senior Secondary	Alok School	84.00	2021
Secondary	Shree Jee Public Sr. Sec. School	89.17	2019

EXPERIENCE

- Accenture** Feb 2025 – Present
Software Engineer Gurugram, India
 - Developed and maintained scalable **RESTful APIs**, optimizing data retrieval efficiency and reducing application response time by **15%**.
 - Developed scalable, reusable React UI components, improving maintainability and boosting application responsiveness.
- Matrix Tech Pvt. Ltd.** Aug 2023 – Sept 2023
Frontend Development Intern Jaipur, India
 - Built responsive, interactive UI components using **React.js**, resulting in a **12% increase** in user session retention.

PROJECTS

- SnapMod – AI-Powered SaaS for Creators** Nov 2025 – Present
Next.js 14, TypeScript, Gemini API, Dodo Payments, Supabase Live App
 - Architected and launched a B2C SaaS platform enabling users to generate and edit professional headshots using **Gemini Nano/Flash AI models**.
 - Engineered a robust monetization system using **Dodo Payments**, implementing secure **webhooks** to handle real-time subscription activation and tiered access.
 - Optimized API latency for heavy AI workloads by implementing **optimistic UI updates** and edge caching in Next.js, ensuring a seamless user experience.
 - integrated **Clerk** for secure authentication and **Supabase (PostgreSQL)** for managing user credits and transaction history.
- ImageMagic – Transform Your Images Like Never Before** October 2025
Next.js, TypeScript, Prisma, Tailwind CSS, ShadCN UI, NeonTech Live App | GitHub
 - Built **ImageMagic**, a SaaS application that allows users to transform images for social media platforms (Instagram, LinkedIn, Twitter) with resizing, cropping, and optimization features.
 - Integrated **Cloudinary** to enable background removal and advanced image processing, delivering professional-quality results at no cost.
 - Implemented secure authentication and user management with **Clerk**, ensuring a seamless and safe user experience.
 - Developed a modern, responsive interface using **Next.js, React, Tailwind CSS**, and **ShadCN UI** for a polished and intuitive design.
- BillMate – Streamlined Invoice Management System** July 2025 – Sept. 2025
Next.js, TypeScript, Prisma, Tailwind CSS Live App | GitHub
 - Developed a full-stack invoice management system for small businesses and freelancers, allowing seamless client management, invoice creation, and PDF generation in under one minute.
 - Built the frontend using **Next.js** and **TypeScript**, and styled components with **Tailwind CSS** for a modern, responsive UI.
 - Implemented features for managing multiple clients, generating professional PDF invoices, and tracking invoice history with a clean dashboard.

SKILLS

- Programming Languages:** Java, TypeScript, JavaScript (ES6+)
- Core CS Fundamentals:** Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, DBMS, Computer Networks, SQL
- Backend Development:** Node.js, Express.js, RESTful APIs, MongoDB, Prisma ORM
- Frontend Development:** React.js, Next.js, HTML5, CSS3, Tailwind CSS, Responsive Web Design
- Tools & Platforms:** Git, GitHub, VS Code, Postman, Vercel
